

King Edward VI High School

Religious Education Withdrawal Policy

If parents request to have their children removed from RE Lessons the following procedure will come into place:

- Parents will be invited into school to discuss the reasons why they wish their child to be removed from lessons.
- If the situation cannot be resolved and parents still wish their child not to take part in the RE lesson, then the child will still have to attend the lesson but will not take part in the activities planned by the teacher. Parents will be asked to supply their child with work which can be done during the lesson.
